BrightVision Solutions is a technology management and business consulting firm that helps government agencies, commercial organizations, and nonprofit entities improve operational performance through strategic consulting, technology solutions, and project delivery services. Headquartered in Houston, Texas, we combine experienced leadership with innovative, client-focused solutions to support digital transformation, business process improvement, cybersecurity, and enterprise technology initiatives. Our commitment to quality, collaboration, and measurable results enables us to deliver cost-effective solutions that align with our clients' mission, operational goals, and long-term success.

CORE COMPETENCIES

- ✓ Technology & IT Solutions
- ✓ Artificial Intelligence & Intelligent Automation
- ✓ Project & Program Management
- ✓ Business & Technology Consulting
- ✓ Cybersecurity & Risk Management
- ✓ Strategic Planning & Stakeholder Management
- ✓ Application Development & Technology Implementation
- ✓ Business Process Improvement
- ✓ Labor Support Services

DIFFERENTIATORS

- ✓ **Experienced Leadership** – Led by a Project Management Professional (PMP) with over 12 years of experience delivering enterprise technology, digital transformation, cloud modernization, cybersecurity, and business process improvement initiatives for Fortune 500 companies and Federal Government organizations.
- ✓ **Client-Focused Delivery** – Committed to responsive communication, proactive risk management, and delivering practical, cost-effective solutions tailored to each client's mission and operational objectives.
- ✓ **Technology & Business Integration** – Combines project management, technology consulting, cybersecurity governance, data analytics, and process improvement expertise to deliver integrated business solutions.
- ✓ **Agile and Adaptive Approach** – Experienced in Agile, Waterfall, and hybrid project delivery methodologies, enabling flexibility across diverse customer environments.
- ✓ **Strategic Partner Network** – Actively building relationships with leading technology manufacturers, distributors, and industry partners to expand sourcing capabilities and deliver comprehensive technology solutions.
- ✓ **Commitment to Excellence** – Focused on quality, integrity, continuous improvement, and long-term partnerships that create measurable value for government and commercial clients.

KEY PERSONNEL EXPERIENCE

- ✓ **Capital One Financial (formerly Discover Financial Services)** – Led delivery across three Agile teams and one Waterfall-based IT project team supporting enterprise technology initiatives, business intelligence reporting, operational improvements, and disaster recovery programs.
- ✓ **Department of the Air Force**
 - **Project: Microsoft Business Intelligence (BI) Dashboard Development**
Completed by BrightVision's key personnel as a Project Manager prior to the company's formation. Led the development of a Microsoft BI dashboard that consolidated data from multiple sources, improved visibility into key trends, and enabled leadership to make informed resource planning and strategic decisions across organizational levels.
- ✓ **Centers for Disease Control and Prevention (CDC)**
 - **Project: MicrobeNet Cloud Modernization Assessment**
Completed by BrightVision's key personnel as a Project Manager prior to the company's formation. Led the assessment of existing MicrobeNet system capabilities and coordinating re-architecture planning to develop cloud modernization solution concepts. Facilitated cross-functional collaboration and stakeholder engagement to support CDC evaluation and informed decision-making on the platform's future-state architecture.
- ✓ **BP (British Petroleum)** – Managed enterprise technology initiatives through project management, governance, Agile delivery, and executive reporting.
- ✓ **DTE Energy** – Directed project controls, financial oversight, procurement coordination, and governance activities supporting enterprise technology projects.
- ✓ **ClinProxy Research Services** – Supported clinical research initiatives through project scheduling, compliance coordination, milestone tracking, and stakeholder engagement.
- ✓ **Dell Technologies** – Coordinated enterprise technology projects, change management activities, governance documentation, and performance reporting.
